11. The President now submits the following proposals, sanctioned by the Board, for the orders of Government

1. Appointment of K. V. Puttanna Manager as full-time Collector of Municipal taxes for one year with effect from the 1st July 1967 with an allowance of Rs 25/- p.m. on the ground that he has during his deputation period collected the arrears amounting to Rs 17,669-12-11 and that Rs 24,107-13-8 still remain to be collected, leaving out of account the amount which has been written off as irrecoverable.

(2). In recognition of the good work done by the Manager in the collection of arrears the Grant to bring a bonus of Rs 1000 (This is proposed to be met by re-appropriation of unused grants for the current year.)

(3) The Grant of an allowance of Rs 10/- per mensem to the Officer deputed to do the Manager's work in the ensuing year is sought.

2. Provisions made on account of the Salaries of the Manager and the retiring Daroga are Rs 65 and Rs 40/- Hence additional provision will have to be made for the allowance to be paid to Puttanna and to the Head

contd

The Manager as Honorary Collector is reported to have done good work. The arrears have been substantially reduced since he was entrusted with Collection work. His retention in this capacity for another year as proposed seems desirable and may be sanctioned. For the work he has till now done, he was recommended for a honorarium of Rs 180. In future if his employment in this work is to get a monthly allowance of Rs 25 which the Manager suggested in his report as Manager in the Paid post a month. There are pecuniary objections to the proposal and may be abandoned. Under section 13 of the Municipal Regulation, there ought to be "a Collector of Municipal taxes". There is a highly paid official at Bangalore whether there is none at Mysore the Honorary arrangement resolved upon by the Mysore Board is more economical

than in Nov. 31 and yet the cost is recommended to be increased. May I remind you that the Vice President does [illegible] and that there is a fundamental principle that governs the Vice President in office. This question is already [illegible] and I would like to [illegible] I should like to [illegible] with regard to [illegible] there is a growing tendency everywhere and that current in this direction is becoming [illegible] more pronounced. Moreover it seems to me a bad policy to take away any [illegible] they have with [illegible] damage which is a very [illegible] effect, and after the damage has once existed, [illegible] to help. I think they could be [illegible] responsibility [illegible] be understood as [illegible] said. A collector is entitled to remuneration under section 13 of the Abkari Regulation. There is at present no Excise Inspector in the Mysore City Excise District. If the Manager is not to be appointed Collector as recommended by the Board some other person has to be so appointed & the Collector is not likely to cost less than the arrangement proposed & quite agree that the Vice President should take more personal interest in Collection work than he

Sir,

(L4646) ✓ With reference to Government Proceedings No. 1073-4 / L744-01 dated 3rd September 1903 according sanction to the recommendation of the Board to depute the Dewan of the Municipal Office for collecting the long-standing arrears in this Municipality, I have the honour to submit for early sanction of Government a copy of the resolution of the Board in regard to the appointment of a full-time Collector for this Municipality.

The

The deputation of the Manager for the Collection work during the past 6 months has resulted in a Collection of arrears, including Current years demands &c amounting to Rs 17,669-12-11. The irrecoverable arrears which may eventually have to be written off Consequent on the death or poverty of the defaulters will probably amount to Rs 16,000. There is thus a balance of Rs 24,109-13-8. still to be Collected.

The arrangement proposed by the Board will not involve any additional charge, as the allowance to the Manager and to the official deputed to do the Manager's duty during his deputation as Collector is proposed to be met out of the savings of Rs 10/- effected out of the maximum pay of

of the Municipal Manager and the maximum pay of Rs 70 of the Sayer @ Parogah. I have every hope that the proposed arrangement will be satisfactory and no other arrangement seems feasible under the present financial Condition of the Board. If the recommendation of the Board should meet with the approval of Government, I beg that K. V. Puttanna, Manager of the Municipal office, may be appointed as Collector under Section 13 of the Municipal Regulations.

In recognition of the good work done by the Manager in the matter of collection of arrears, the Board have voted a bonus of Rs 180-- - - to be paid to him. This amount will be met out of the accumulated savings of the

the budgetted heads and for which provision has now been made in the reappropriation statement.

I beg for early sanction of Government to the recommendation of the Board.

I have the honour to be

2

Sir,

Adverting to your letter No. 185 dated the 7th June 1904 soliciting orders to ~~the~~ deputation of the Manager of your office as collector of Municipal taxes for one year from 1st July 1904 and to ~~the~~ payment of an allowance of Rs.25 per mensem to him and ~~of~~ a bonus of Rs.180 for his past services and also an allowance of Rs.10 to the school Inspector for doing the manager's work, I am directed to observe that though the percentage of collection charges is more in Mysore than in Bangalore, yet the cost of the collection establishment is recommended to be increased. In Bangalore, there is a full time President getting only as much as the Vice-President of the Mysore City Municipal Commission, ~~who~~ personally attends to the collection work and it is not understood what the Vice-President at Mysore has been doing in this direction. In your letter No.16 of the 4th August 1903, you admitted the impoverished condition of the Municipality and suggested, on the recommendation of the Board, the deputation of the manager to look after the collection

work

work, which was then in arrears only as a temporary measure but without any extra cost to the Municipality, but it is strange that instead of confining yourself strictly to the recommendation then made and sanctioned, you should have now suggested the continuance of the arrangement with a bonus to the manager for past services and allowance to both the manager and the school inspector for another year.

2. The Govt, I am to add, are not in favour of increasing the collection establishment or of utilizing otherwise, any portion of the pay of the Octroi Daroga which is a very responsible appointment, as after the present Daroga has once established his fitness, pay corresponding to the responsiblity will have to be attached to his office. But at the same time, they consider that the creation of the appointment of collector of Municipal taxes for the Mysore City is necessary to satisfy the statutory requirements of Sec 13 of the Municipal Regulation.

3. Under these circumstances, I am to request you to submit modified proposals in order that the pay of the collector to be appointed may be met from savings to be effected by a permanent reduction in the strength of the present collection establishment and not by [illegible] appropriation.

I have etc.
